About Blu Dot

Blu Dot's goal is to bring good design to as many people as possible. Which means creating products that are useful, affordable, and desirable. To make that happen, their design process is founded on collaboration. Not just among themselves as they play show-and-tell with concepts, but a total collaboration between pencil and paper, materials and machines, even packaging and assembly. They like to think that the form is almost inevitable, a by-product of the process. "Our job is simply to help it emerge as beautifully and as efficiently as possible."

Finish Options

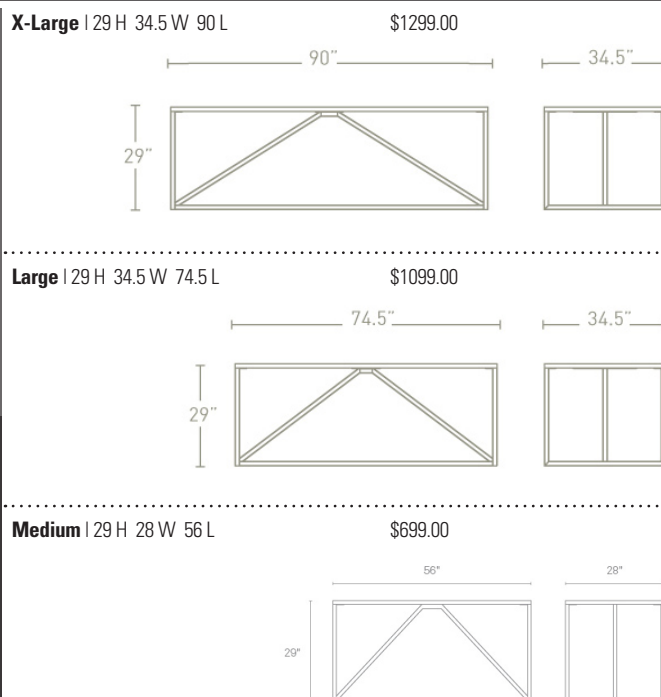

Strut Table

The functional new Strut Table you can use as a power desk, dining table or workspace table. A great furniture essential to own that can meet multiple needs as your worklife evolves. The top is lacquered MDF and the base is power-coated steel for a sleek but durable finish. Let the Blu Dot table work for you.
